CANADA'S LEADING MATERIAL HANDLING SUPPLIER

OASIS® WATER COOLERS

Oasis® water coolers are manufactured with a heavy gauge steel frame which provides durable and quiet operation. They feature a 5-year limited warranty on the sealed refrigeration system and most component parts. All waterways are constructed of lead free materials and HFC 134A is used as a refrigerant. No CFCs are used. All units are standard tan sandstone finish. Drinking water temperature is 50°F/10°C. Certified for sale in Canada by an accredited certification body.

WALL-MOUNTED COOLERS

These units come in standard or compact models. All units are shipped with complete instructions and wall mounting brackets. Units should be installed with the nozzle 36 inches from the floor.

WATER SUPPLY

VERSAFILLER™ WATER FOUNTAIN & BOTTLE FILLERS

Enjoy the best of both water options; refreshing fountain water and a bottle filler unit for refillable bottles. The VersaFiller™ accomplishes both tasks with ease and simplicity, and puts your location at the top of the refillable bottle trend while making a bold statement about your concern for the environment.

The VersaFiller™ is also designed for the future. The alcove and activation button contain Freshield™, which utilizes a silver-based antimicrobial compound. This is ideal for work-place settings, schools, university locations, and any public building.

The VersaFiller™ unit is available in two configurations. The **ON557** (PWSBF) model can be retrofitted to existing **OA059** (P8AC) coolers as well as Elkay's EZ8 models (some installation is required to connect this unit to existing P8AC models) providing an instant upgrade to those products already in the field.

The **ON557** (PWSBF) is also designed for simplicity of installation, requiring only water tubing connection to the host (P8), with no required electrical connections or separate drains.

The VersaFiller™ can be purchased as a complete top and bottom combination as well, **ON555** or **ON556**.

ON556

STANDARD FEATURES:

- Waterways are lead-free in materials and construction
- Heavy-duty galvanized steel frame bolts directly to the wall
- Freshield™ antimicrobial compound
- Gauges: Panels: 22, frame: 16
- ADA compliant for adult or child when properly installed
- Certified to NSF/ANSI Standard 61, Annex G (AB1953)
- 5-year limited warranty

REPLACEMENT FILTER CARTRIDGES

Single Action (Dirt/Rust) - hot and cold water filters are made of pure white cellulose fibres. 1" centre hole.

Double Action (Taste/Odour, Dirt/Rust) - cold water only filter made of pure white cellulose fibres with activated carbon granules. For normal contamination. 1" centre hole.

Double Action (Scale, Dirt/Rust) - uses annular grooves and the graded density cellulose of the Dirt/Rust cartridges plus a compound to inhibit scale. Extends the life of pipes, fixtures and appliances. Cold water only. 1" centre hole.
